Off in a Dream

Off in a Dream

Say You Love Me Boy!

Do you know how much I think of you?

Do you know how much I care?

You mean everything in the world to me and more.

And I can't stand the thought of you not there.

Say you love me boy!

Say you love me true!

Because then I can say that I love you too!

Immortal Love

The stars shine above, moon casting a serene lunar glow.

Having you here with me, I have it all.

I could never let you go.

You set my spirit free, while you hold my heart within your hands.

When you look at me I feel forever.

Your love I taste in your every kiss.

The stars shine above, moon casting a serene lunar glow.

Immortal love grows below.

Every time

*You take my breath away,
even when you are not with me.
All I have to do is think about you and your sweet,
charming ways and I smile, Every time.
The way your cologne lingers long after you're gone.
Oh how it reminds me of those beautiful eyes.
And that voice that sings of romantic dreams
and words not yet spoken but deeply felt.
I fall in love with you more and more, Every time.
How your hand always finds mine.
The way you hold me so close to you.
You never fail to blow my mind, Every time.
I can always count on you being
there when I really need you.
And I always know I'll never leave you without
a hug and kiss good-bye, Every time.
My love, my life, my one true joy,
I love you to no end.
That you can count on, Every time.*

Oh, I Miss You So

*Oh, I miss you so
I can't look at anything without being reminded of you
All I can think of is the last time we spoke
I keep replaying how you looked, how you felt
Oh, I miss you so
I long to touch your gentle face and kiss your sweet lips
I just want lie beside you and feel your arms around me.
I just want to feel your arms around me once more...*

*Oh, I miss you so
Won't you please come back home?
I can't stand not having you around
I love you so much
It took awhile to realize it, but I truly do love you
And I truly do miss you
So please come back and tell me you love me too
Everywhere I go I'm reminded of you...*

*Oh, I miss you so
Oh, I miss you so....*

One Heart, One Love

*Lying here beside you in the grass looking to the sky.
Two spirits begin to collide and become one.
All that exists, all that lives within me combines
to create a love so powerful, so true, only you can tame it.
As our spirits and souls combine
and body and mind move as one,
we become one heart, one love.*

Song of a Storm

*Heavy curtains of rain fall, steam rolling off the rooftops.
The muffled sound of chatter and echo of laughter ring in my ears
as I watch the trees sway in the wind.
Beads of rain slap against my window
as ribbons of lightning dance among the swift moving clouds.
The thunder drums out an uncertain beat - the tempo the rain can not keep.
Suddenly the sun breaks through the clouds damping the rains sweet melody.
But the echo of thunder ring on, as does the song of a storm.....*

Off in a Dream

Safe to say I Love You

*I dream about you night and day
Think about everything you might say
I dream about you holding me and
remember how you would touch my face
The way you smiled when I'd make you laugh and
how you felt whenever you'd hug me
I remember the look in your eyes and
smile on your face when I'd light up
with excitement just to see you
You have me dreaming of you non-stop
Thinking of how much I really care for you
and when you're gone I realize just how much I miss you
And you know what darling?
I think it may be safe to say that
I love you.*

A Place in my Heart

*I can't stand the loneliness.
I can't stand the pain.
I knew I'd never have you as mine,
But fell in love just the same.
I never knew how you felt about me.
I wasn't blind, I just didn't want to see.
So now I'll cry and feel empty and alone.
I guess it really is all my fault.
But can you blame me for letting
someone like you into my heart?
Eventually time will heal my wound
and at least we'll always be friends.
But a place in my heart will belong
To you always in the end.*

Another Cold Night

*Did you know today I cried?
Another cold night I spent alone.
I never heard from you again.
You left me behind, no where to run to, no where to hide.
All I had were broken dreams, tears and lies.
What happened to our love?
What caused you to change and run away from 'Us'?
I felt so empty, I felt so scared.
Could I ever love so deep again?
It's time I move on and forget about you.
Lord knows you're not worth the pain, tears or time.
Another cold and lonely night, just me and the dog.
But you know what?
I'm not going to cry.*

Spirit in Flight

*In the mists of the night,
under the soft moonlight,
she wonders gracefully,
a free spirit in flight.*

I Love You

*Your soft soulful eyes burning in the moonlight.
The scent of you lingers through the warm night.
The touch of your hand, so gentle in mine.
The taste of your kiss, so sweet as wine.
Your body feels so strong next to mine.
Your burning eyes gazing at me and mine at you.
I can see your lips are still moist like the morning dew.
Have I told you lately that I love you?*

Off in a Dream

I Dance

*I dance across the sky
as the dreams, they start to fly.
The heavens upon me smile
and the stars shine bright all the while.
The laughter surrounds my spirit
the love, you can't help but feel it.
The happiest is what I am, when with you
This I know will forever remain true.
I dance across the sky
as the dreams, they start to fly.*

Fate

*I wasn't looking for what I found when I met you.
I never knew someone could be so pure and true.*

*I wasn't looking for someone to unlock my heart.
I never thought Cupid would actually hit me with his dart.*

*I wasn't looking out looking for my soul-mate.
I never dreamed of someone quite like you being my fate.*

*I wasn't looking for what I found when I found you.
I never knew I could love as much as I love you.*

Can't Get You Out of my Mind

*It becomes so hard, when the night is long and drawn out.
All I can think of is you.
Your soulful eyes burning through my being.
Your strong body dripping with sweat from the heat our love.
You take my breath away just thinking about you.
Oh, how I long to be with you night and day.
To be in your arms and caressed in your love.
How I yearn to be in your every thoughts.
To be all you think of, as you are all I think of.
To wake each morning next to you.
To be all you desire and fill each of your desires.
I melt each time you come near and hold me.
I lose control as if intoxicated and slip into a trance.
The night continues and my thoughts collide.
I feel crazy, I can't get you out of my mind..
Can't get you out...*

Nothing But Free

Hoof-beats pound and the soft clay ground breaks.

The wind blowing past our face.

Faster and faster we run, every stride perfect,

every stride proud!

Louder and louder the hoof-beats get.

Jumping over streams and dodging trees.

Faster! Faster! Everything is a blur.

The wind burning our face.

We are one creature as we run.

Fast and free, one with nature.

Pound! Pound! Pound!

Clay breaking! Leaves all around!

Wind burning! Pound! Pound! Pound!

Muscles tight as we speed!

Nothing to slow us,

Nothing but free!
